

TweeTal Coach

- automatiseren van tafels –

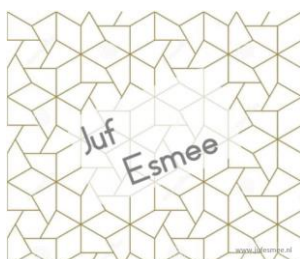

TweeTal Coach is een populaire coöperatieve werkvorm. Deze werkvorm wordt het meest ingezet om al aangeboden leerdoelen te verwerken. Met deze download wordt ingezet op het automatiseren van de tafels 2 t/m 5 en 10.

Hoe gaat het in zijn werk?

Twee leerlingen gaan tegenover elkaar zitten. Het blaadje met de gekozen tafel staat gevouwen tussen hen in. De leerling met de antwoordenkant voor zich, begint met het hard op noemen van de sommen. De andere leerling geeft zo snel mogelijk antwoord. Als het antwoord niet gegeven wordt, kan het maatje helpen.

Na een aantal minuten wisselen, en voilà: een coöperatieve manier om tafels te automatiseren!

Veel plezier met deze TweeTal Coach
